

REBAR TIE WIRE

SECURE AND RELIABLE FASTENING FOR REBAR

We understand the importance of getting it right the first time when it comes to pouring concrete. That's why we invest in the highest-quality products for our customers.

Rebar tie wire fastens tightly and secures rebar in place. In addition, it can be used to tie multiple rebars together. This product is reliable and ensures gap-free binding.

Tie wire is primarily used to aid in concrete pouring, but this multi-purpose wire is beneficial for a multitude of repairs and projects.

ADVANTAGES

- Made with 100% steel
- Fits most dispensing reels
- Pliable black annealed wire with a round center
